IN OURSELVES OUR FUTURE LIES

In ourselves our future lies:
If we know that this is true,
We can face the challenges
We'll meet our whole lives through.

We'll not forget our schooldays
Or the people we have known,
Our teachers and our classmates
And the friendships that have grown.

For these things are important,
As are all the things we've learned.
They have made a brighter future
Which we hope that we have earned.

So as we leave our high school,
We will try hard to be wise
And make our own decisions.
In ourselves our future lies.
